LETTER OF APPRECIATION

This is to place on record my sincere appreciation for the enthusiastic and dedicated team of **Aambra Foundation** for undertaking the Paramedics Care-givers training under *Samriddhi* pillar of SaheliSamanvay Kendra (SSK) on a pilot basis to economically empower women and adolescent girls. The content of the training was innovative and easily absorbed by the target audience, both clinical and non-clinical. We are happy to acknowledge that the training has been quite well received and the pilot batch of trainees are ready to be placed for a 3 month on the job internship programme at the various hospitals.

We also appreciate your effort of working in close coordination and convergence with the SSK team on ground at Bhatti Mines for successful completion of the pilot, the learnings of the same could be replicated and upscaled to other SSKs as well.

We value your contribution in bringing change in lives of women and children, in giving them opportunity for skill training and enabling them to grow economically and become self-reliant.

We convey our best wishes to you and your team in your future endeavors.

My sincere appreciation.

Dr. Rashmi Singh, I.A.S

To,

Ms. Vinita Bakshi
COO, Aambra Foundation
